

2020-2021 Virtual Showmanship Classes

Video Submission Instructions

You are required to submit a video, no more than two-minutes in length.

Your video must show you, presenting your animal and answering “Tell me about your livestock project”.

You will need to upload your video to YouTube. You should set your video as unlisted (not private) to ensure privacy of your video which will allow only those with the link to view the upload. Please list the YouTube link to your video in the appropriate section in the google form [application](#). Remember this should only be two-minutes, maximum. The recording should ONLY be submitted via a YouTube link. You will need to check specifications for YouTube upload to reduce confusion after you film your video. This is a required component of the application. Please contact Joshua Smartt if you have questions regarding this process.
